} DIRECTORS.

ALBERT M. OSGOOD, TREASURER.

HERBERT J. L. BODWELL, SECRETARY.

By vote at the annual meeting of the Company, January 6, 1902, the term for which policies shall run was changed from six years to four. This affects only policies issued after the above date.

By vote at the annual meeting of the Company held January 7, 1901, policy holders wishing to remain away longer than thirty days may keep the insurance on their property good, by applying to the secretary for a permit to leave their premises unoccupied for such time as they may specify, paying for the same five cents per month for every one hundred dollars for which they are insured.

The directors are to meet at the town hall on the first Monday of April, July and October.

SCHOOL REPORT.

Perfection in school work is difficult to attain. We aim, however, at the best work, and approximate it as nearly as we can. Teachers, as well as others, are fallible. Some, who have come to us well recommended, and under certain conditions have been successful, when tried under other conditions, have failed. The right teacher in the right place is a nice adjustment of relations and gives happy results. With one or two exceptions, we have been fortunate in our choice and location of teachers, and our schools have generally been successful in their work.

We have supported ten schools in terms of ten and sixteen weeks,–ten for the spring and summer, and sixteen for the fall and winter,–thus giving twenty-six weeks of schooling for the year. During the fall and winter term there was a vacation of one week.

Our schools are still small notwithstanding four of them have been merged in others since we came under the town system. The largest registered twenty-one pupils; the smallest, nine. The work of consolidating should be carried further when practical. The size of our schools will readily admit of it. The difficulty to overcome is that of distance. Conveyance, as heretofore, must be called into use to accomplish this.

Teachers have been employed as follows: Florence Leighton taught at Calef Hill, the first term, and Lulu E. Pope, the second; Millie F. Wilson, at the Square, the first, and a part of the second term, and Dr. G. C. Ward, the remainder of the second; Stella Thomas, at the Hunkins, the first term, and Ira W. Leavitt, the second; Alice W. Leavitt, at the Meadow; Nettie B. Woodman, at the Bay; Mabel L. A. Goodell, at Morrison, the first term, and Edith M. Huckins, the second;

Mary N. Redding, at Gaza; Sarah P. Bailey, at Chapel; Emma A. Lane, at New State; Vera E. Berry, at North Sanbornton, first term, and Stella Thomas, the second. These teachers brought to their work good educational advantages, and, with two or three exceptions, maintained good discipline.

During the year, eighteen persons have availed themselves of high school privileges. They were represented as follows: at Kimball Union Academy, one; Colby Academy, two; Laconia High School, two; Tilton Seminary, four; New Hampton Institution, nine.

The aim toward secondary education is a good one, but, in many cases under the present law, the end is attained to a slight degree at a cost to the town greatly out of proportion to the value received. The town has no voice in saying when the student shall leave the home school. This is left to the student and to certain outside "approved schools," solicitous of patronage. The result is that the student often leaves when the same work could be as well done at the home or town school without extra expense to the town. There should be some uniform standard of examination applied to save the student a waste of time, and the town this unnecessary expense.

During the year there has been more than usual interest manifested on the part of parents in the visitation of our schools. Attention is called to the Roll of Honor, Statistical Table, etc.
